WILLIAMSTOWN.

Joseph E. Daly is employed in the meat market of the J. K. Lynde company.

The Williamstown grange will give a concert and ball at their hall on the evening of Friday, the 24th.

A considerable flock of bluebirds was seen in the village Wednesday, but the four of the lion a little later caused them to disappear.

The district superintendent, Rev. F. W. Lewis, will occupy the pulpit at the Methodist church next Sunday morning. The last quarterly conference of the year will be held on Saturday at 1:30.

The grange is planning for a masquerade party and promenade on next Tuesday evening. There is talk of new sugar on snow as a part of the program, provided the sugar bush flows nectar in a sufficient quantity.

Word comes that Dr. James Bailey of Ticonderoga is in a physical decline as the result of an accident last fall in which a limb was broken. Dr. Bailey was once located in Williamstown as a practicing physician, and married Miss Persis Abbott of this place. Miss Lucy Abbott, sister of Mrs. Bailey, is still reckoned as belonging partly to Williamstown, and spent last summer here.

The program of the old folks' concert was well carried out, and the entertainment was thoroughly enjoyed. Unfortunately the weather was prohibitive to a large attendance, and some of the expected performers were unable to get there through the drifts. It might be a good suggestion that this be regarded as a sort of dress rehearsal, and that the concert be given again under more favorable weather conditions.

MUNYON'S PAW PAW PILLS

Free at Nearest Drug Store.

Munyon's Paw Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods. They do not scour; they do not gripe; they do not weaken, but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation. In my opinion constipation is responsible for most ailments. There are 26 feet of human bowels, which is really a sewer pipe. When this pipe becomes clogged, the whole system becomes poisoned, causing biliousness, indigestion and impure blood, which often produce rheumatism and kidney ailments. No woman who suffers with constipation or any liver ailment can expect to have a clear complexion or enjoy good health. If I had my way I would prohibit the sale of nine-tenths of the cathartics that are now being sold for the reason that they soon destroy the lining of the stomach, setting up serious forms of indigestion, and so paralyze the bowels that they refuse to act unless forced by strong purgatives.

Munyon's Paw Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weaken; they enrich the blood instead of impoverish it; they enable the stomach to get all the nourishment from food that is put into it.

These pills contain no calomel, no dope; they are soothing, healing and stimulating. They school the bowels to act without physic.

Regular size bottle, containing 45 pills, 25 cents.

Twenty Years Ahead!

Crawford Ranges

Other ranges have not advanced in any material way in twenty years. They have the same cook-confusing, food-spoiling way of regulating by two dampers.

For Sale by C. W. Averill & Co., Barre Agents.

Crawfords have but One Damper (patented); one motion controls fire and oven absolutely; slide the knob to "kindle," "bake" or "check"—the range does the rest. No damper mistakes.

Ordinary ranges have the old clumsy ash pan; troublesome, untidy.

Crawfords have an Ash Hod (patented) into which all the ashes fall, far below the fire—making their disposal easy and cleanly. The Coal Hod is beside it.

Crawford Ovens have cup-joint flues that heat every part uniformly.

Crawfords have Patented Grates—most durable, least trouble.

Gas Ovens and Broilers at end or above range furnished if desired.

Ask the Crawford agent to show you and write to us for circulars.

AMUSEMENT NOTES.

A Wonderful Equilibrist Now Appearing at Opera House.

The best equilibrist that ever appeared on the opera house stage opens the vaudeville bill which was inaugurated at the Barre opera house last night. His

"DE EATES"
"King of Pyramids," One of the Acts at the Opera House To-night and Matinee and Night Saturday

name is De Frates and some of his acts are little short of marvelous. He can well be termed the "king of pyramids." One of his stunts is to balance himself on one hand on the top of a pyramid of bottles. His progress in getting to the top of the pyramid without disturbing the juxtaposition of the bottles is a trick in itself, and the feat of getting down again is remarkable. Another stunt is to balance himself on several chairs placed on two tables. The chairs are placed in topsy-turvy positions and De Frates' balancing white seated on the topmost chair is hair-raising. His act was loudly cheered.
